

Reminder from Plainview Fire Department

Plainview Businesses --

We know this COVID-19 situation has been difficult for you and we appreciate your willingness to stay open for the benefit of Plainview citizens.

Even though you may not have customers in your store, the Plainview Fire Department would like to remind you to continue to follow the Fire Code / IBC (International Business Code) and that doors must be accessible for egress (there must be a clear path to the door) in case of an emergency. The safety of our citizens is of the utmost importance and we appreciate your help in this manner.

If you have any questions, please contact Chief Tim Gibson or Fire Marshall Philip Mize at 296.1100.
